

«NUCLEAR ENERGY FOR SUSTAINABLE DEVELOPMENT»

Moscow • Manezh Central Exhibition Hall • 6-8 June 2011

CONGRESS PROGRAM

6 JUNE 2011 – Round-table sessions
13:00 – Official Opening of the Exhibition

7 JUNE 2011 – Plenary Session (10:00-13:30), Round-table sessions

8 JUNE 2011 – Round-table sessions

ROUND-TABLE SESSIONS PROGRAM

- Prospects of Nuclear Education in Countries with Nuclear Power and in Countries which have Expressed their Interest in Developing Nuclear Technologies;
- Investments in Nuclear Power. Innovative Solutions;
- Power Generation Equipment and Services. Development of International Cooperation;
- Legislative Support of Nuclear Industry Development;
- Prospects of International Cooperation in Nuclear Fuel Cycle;
- Global Achievements and Challenges in RAW and Spent Fuel Handling;
- Prospects of Pressurized Light-Water Reactors Technology;
- Fast Neutron Reactors, Small and Middle Power Reactors;
- Nuclear Energy and Society: Development and Interaction;
- Innovations in Raw Materials Base for Nuclear Energy;
- Infrastructure for “New Nuclear” Countries. Risks. Legislative Support. Challenges on the Way of International Cooperation;
- Energy Efficiency and Alternative Energy Sources;
- Nuclear Technologies in Medicine and Agricultural Industry;

- Symposium: Topical Issues of International Nuclear Law.

Workshops:

- Workshop: Unified APCS for NPPs with New Generation Reactors;
- Workshop for Mass Media Representatives from “New Nuclear” Countries.
