

## **ATOMEXPO-2011 International Forum**

June 6-8, 2011

*Moscow, Manezh Central Exhibition Hall*

State Atomic Energy Corporation Rosatom is pleased to invite your company to take part in the **ATOMEXPO 2011 3<sup>rd</sup> International Forum**. The Forum will be held on **June 6-8, 2011 in Moscow** (Manezh Exhibition Hall). The Organizing Committee is headed by Sergey Kirienko, Director General of Rosatom State Corporation.

Leaders of the world nuclear industry took part in the Forum in 2009 and 2010, among them such companies as *AREVA, Alstom, Siemens, EdF, Ansaldo Nucleare, Nukem Technologies, NPCIL, CNNC, CGNPC, Kazatomprom*, etc. Russian atomic industry was presented by joint booth of Rosatom State Corporation and by leading companies such as *TVEL Fuel Company, AtomStroyExport, Tenex, ARMZ, AtomEnergoMash*, etc. On the Forum several important international agreements were signed.

The **ATOMEXPO 2011 3<sup>rd</sup> International Forum** will be devoted to practical application of nuclear technologies, especially for emerging nuclear countries. The Forum will traditionally frame a specialized exhibition and congress on nuclear power development.

The exhibition is to be participated by the Russian nuclear industry enterprises and leading foreign companies, and also current and potential suppliers of equipment, component parts and services for the industry, construction companies, IT and consulting firms.

The **International Congress** will be the focal point of the event. The Congress will address topical issues of further active development of nuclear industry. The Congress speakers and attendees are governmental officials, Rosatom's heads and specialists, representatives of companies within the industry, partners, and foreign experts.

### ***ATOMEXPO 2010 Participants speaking:***

#### **Mikhail Strikhanov, «MEPhI» National Nuclear Research University Rector:**

«For MEPhI University making use of any site, especially ATOMEXPO International Forum, is, first of all, an opportunity to find new partners. It is this site where interested companies that need qualified personnel for nuclear industry of today and tomorrow meet».

#### **Armen Movsisyan, Minister of Energy and Natural Resources of the Republic of Armenia:**

«The development of the nuclear energy requires new contacts and direct communications which are provided by the ATOMEXPO Forum. It is a nice platform for discussion of urgent questions of the nuclear power industry. The Forum gives opportunity of useful communication for the representatives of both Russian and foreign nuclear power industries».

#### **Ulf Kutscher, CEO of NUKEM Technologies GmbH:**

«ATOMEXPO is a perfect opportunity to meet major representatives of the Russian nuclear industry and research scene. Although the activities and capabilities of NUKEM Technologies are already well-known in Russia we will take this chance to present ourselves to this interesting audience».
